

# WASTE MANAGEMENT

---

Solid waste management for collecting the solid waste from nook and corner of the campus substantial number of dustbins are installed. Most of the waste collected is biodegradable. The minimal amount of non biodegradable is mostly burnt in pits. The biodegradable portion too is dumped in pits for decomposition over time. The solid biodegradable waste collected from the parks, play field after use of lawn mower and bush cutter is collected and dumped for decomposition to be used as a source of bio fertilizer. During the autumn season a large quantity of fallen dry leaves are collected and dumped to decompose for manure. Liquid Waste Management: Liquid waste all the liquid waste from washroom, bathroom is collected into soakage pits through systematic drainage. Zero percent leakage of waste water is ensured. E-Waste: E-Waste management The College has minimum e-waste. The waste if any is sold to vendors for recycling Provision is made for recycling of obsolete and unwanted electronic equipment from the duly approved service providers. Care is taken for ensuring information security during the disposal of equipment.
