# Vision And Mission

▶ **Vision Statement:**

To be a dynamic and integral part of our college's pursuit of academic excellence, fostering a vibrant learning environment, and serving as a hub for knowledge creation, dissemination, and innovation.

▶ **Mission Statement:**

1. To provide a rich and diverse collection of academic resources, both physical and digital, that support the educational and research needs of our students, faculty, and staff.
2. To encourage and support research activities by offering access to cutting-edge information, research assistance, and collaborative spaces that foster scholarly endeavors.
3. To maintain the highest standards of library management, assessment, and improvement, aligning with NAAC guidelines, and contributing to the overall excellence of the institution.
4. To deliver efficient and user-centric services, including information literacy programs, interlibrary collaborations, and personalized assistance, to empower our community in their academic pursuits.

# Goals and objectives of the Department

## Goals:

1. Support Academic Excellence: To provide resources and services that enhance the academic and research pursuits of students and faculty, contributing to the college's reputation for academic excellence.
2. Foster Lifelong Learning: To promote a culture of lifelong learning and reading among students and the broader college community.
3. Enhance Research and Innovation: To support research activities by offering access to comprehensive and up-to-date scholarly resources and research assistance.
4. Digital Transformation: To embrace technology and continuously upgrade digital resources and services, ensuring easy access to online databases, e-books, and other digital materials.
5. User-Centric Services: To offer user-friendly and efficient library services, including reference assistance, interlibrary loan, and information literacy programs.
6. Community Engagement: To engage with the college community through outreach programs, workshops, and events that encourage library usage and information literacy.

# Goals and objectives of the Department

## Objectives:

1. Collection Development: Acquire, organize, and maintain a relevant and diverse collection of books, journals, and digital resources to meet the academic needs of the college.
2. Information Literacy: Provide instruction and training to help students and faculty effectively locate, evaluate, and use information resources.
3. Research Support: Assist researchers in finding and accessing scholarly materials, including specialized databases and research consultations.
4. Technological Integration: Implement and maintain library management systems and digital platforms that enhance access to resources and services.
5. Assessment and Improvement: Continuously assess library services and resources to identify areas for improvement and align with accreditation and quality assurance standards.
6. Community Outreach: Organize events, book clubs, and workshops that engage students, faculty, and the broader community in library-related activities.
7. Collaboration: Foster collaboration with other libraries, academic departments, and institutions to expand access to resources and share expertise.

- DOAJ(Directory of Open Access Journals)

# Future Plans

- ▶ To increase the collection of competitive books.
- ▶ To implement RFID Technology
- ▶ To create awareness on e-resources

A purple rectangular tag with a hole on the left side is the central focus. It is placed on a rustic wooden surface. Three white daisies with yellow centers are scattered around the tag: one in the foreground to the right, and two in the background. A light-colored string is looped around the tag and extends towards the top left. The overall scene is warm and appreciative.

*Thank  
you!*
