DEPARTMENT OF ECONOMICS

ACADEMIC YEAR: 2022-23

Activity

FIELD TRIP

ON DATED 06/12/2022

Organized by

DEPARTMENT OF ECONOMICS

The department of economics headed by Dr.K Srinivasulu and History lecturer K.Sai Krishna Computer lecturer D. Harinarayana along with BA students has gone to field trip to kotturu village, from there students and staff enter to agricultural field while that time spraying is going on through tractor with high density to yellogram crop. Students are found that high chemicals are applying to yellogram crop and this will cause to health hazards and suggested that chemical applying density with at least possible extent then human society will be happy.And also this is the time for use biopesticites.

Situation is explaining by Dr. K.Srinivasulu and students are observing and asking their doubts.

Came to know that high density of chemicals applying.

Keenly observing by the students.

And finally suggested that less use of chemicals and this is the time to use biopesticides.
